HO MECHANISM KITS FOR BACHMANN #3-202 BACHMANN CLASS "J" 4-8-4

This mechanism includes full working valve gear, DC-71 motor, complete mounting hardware, boiler weights, tender weights and tender electrical pick-up. All holes drilled and tapped except one #49 and two 3/32" holes. No soldering or motor tool required. Uses Bachmann complete tender and N&W CLASS "J" engine boiler.

DISCLAIMER:

Since Bachman may make changes and improvements from time to time, it may affect how our mechanisms fit.
